Not a sudden death, or even a slow one.

What will hurt is seeing almost every White woman you know with an Arab man. And their child being a faithful, strong Muslim.

You can shoot us but you cannot shoot where you need to most, in the womb of your women.

 The event horizon has passed. Every piece of media coverage, especially that which tries to make him a villain, will only make him more of a hero to the enemies of globohomo. The globohomo propaganda will now backfire worse and worse. The free, instant flow of cryptic memes makes it impossible to fragment or disrupt the looming populism. Nobody is bowing down to optics anymore. Nobody is apologist. Nobody can be shamed. The white guilt is almost entirely run dry.

What a difference a few years makes from Brevik to today.

A 28-year-old man has appeared in court this morning charged with murder after yesterday's Christchurch mosque shootings.

Brenton Harrison Tarrant, whose address was given as Andersons Bay in Dunedin, made an appearance from custody at Christchurch District Court.

He appeared in white prison clothing, with manacled hands, and barefoot. He smirked when media photographed him in the dock, flanked by two police officers.

Tarrant is accused of murdering a man, whose name was suppressed by Judge Paul Kellar on grounds of undue hardship to his family, in Christchurch yesterday.

Tarrant was remanded in custody without plea to the High Court in Christchurch on April 5.

Duty lawyer Richard Peters said no application for bail would be made. No application for name suppression was made.

However, while Judge Kellar granted in court photographs and filming, he ordered that his face be pixelated to preserve any fair trial rights.

No occupation for Tarrant was listed on the charging document.

The courtroom was closed to the public.

Three approved New Zealand media outlets were granted in-court applications to film and take photographs.

They were escorted into court by security staff.

The judge briefed media before the hearing.

There was a massive media presence outside court this morning, including many international news outlets.

Only accredited media were allowed in court today.

There were armed police in court this morning.

Tarrant had a cut on his upper lip. He was silent throughout.

He looked at media in the public gallery.

This guy is a prime example of being trapped in internet land.

He has no real strong social bonds except on the web. Totally detached from reality.

All the people who look up to him are also probably social pariahs gleefully rejoicing in revenge upon a society they feel has rejected them.

Really this is all just mental illness. Get help.

Basically almost 20-1 in our favor.

So there;s been some speculation that this is attack is a false flag.  
But, if this is true, then it means their current objective is accelerationism.  
Why would this be the case? Wouldn't it be less risky to let us go quietly, as is happening now?  
Surely they don't want to provoke a civil war. I can't see how that would be a net benefit for them.

I fucking hate Norwegian media who takes this shit as well as the Nobel Peace Prize shit seriously.

No, that's not a white power symbol. It was memed to be a "white power symbol" on the same level milk was made into one. As for the Nobel Peace Prize shit, that's how sarcasm works seeing as one actual terrorist got the Peace Prize upon release, he should get one as well since they were both terrorists.

It's infuriating.

 I've been using 4chan since before you had peach fuzz on your nads.  
  
 Back in my day, when we joked about nigger faggots, and mudshits, it was all jokes. Of course there were the serious racists elements always, but the vast majority knew it has "banter". Shit just to make sure you're not a total pussy. It was part of the culture that separated it from other gay sites like funnyjunk 9g\*g and rebbit.  
  
 Of course, as it exploded in popularity it was only natural gullible edgy entitled millennial plastic people with shit parents would find their way in and start actually taking the meme a to heart because they're extremely lost and insecure people  
  
 We would make fun of you faggots.
